THE *Stedman Nurseries* PHONE 2311 • NEWFANE, N. Y.

Retail Price List for 1944

THE STEDMAN NURSERIES

Specialists in Evergreens and Ornamental Nursery Stock

Phone 2311

Newfane, N. Y.

We are members of:

NEW YORK STATE NURSERYMENS ASSOCIATION
(Western Division)

NEW YORK STATE NURSERYMENS ASSOCIATION
(United)

AMERICAN ASSOCIATION OF NURSERYMEN
(National)

Location:

We are located on State Highway No. 78, eight miles north of Lockport, N. Y. We are approximately 26 miles northeast of Niagara Falls, N. Y., and 30 miles northeast of Buffalo, N. Y., and 60 miles west of Rochester, N. Y. Refer to map on inside of back cover for routes from nearby cities to our nurseries.

Guarantee:

We guarantee all stock true to label and will replace without charge any which proves otherwise. We do not guarantee continued growth, but will replace at $\frac{1}{2}$ price any which dies within one year from date of invoice.

Terms:

All prices net cash.

Please do not expect exceptions to these terms.

Landscaping:

Landscaping construction and rearrangement is one of our specialties, and we will gladly give estimates and consultations without charge. When a plan is drawn and submitted for customer's approval, it remains with us until customer's order has been received. If customer wishes to use plan for competitive bidding he may purchase same at a nominal fee.

Planting:

We make an extra charge for stock planted by us. Such planting carries $\frac{1}{2}$ guarantee only.

ORNAMENTAL EVERGREENS, BROADLEAVED EVERGREENS, SHADE TREES, ROSES, SHRUBS, and VINES.

E—White Fir (*Abies concolor*) probably the most beautiful of all firs, gray-green needles, symmetrical in form, likes dry situations.

8 - 9'	\$15.00
9 - 10'	17.50
10 - 12'	20.00

S—Five-leaved *Acanthopanax* (*Acanthopanax sieboldianus*) formerly called *Aralia*, a graceful arching shrub, with shiny green leaves and thorny branches.

18 - 24"	\$.50

E = Evergreen R = Rose
BL = Broadleaved Evergreen S = Shrub

T = Tree H = Hedgeplant
V = Vine

S—Japanese Barberry (*Berberis thunbergii*) a hardy, thorny, dwarf growing shrub with red berries and scarlet leaves in autumn.

15 - 18"	\$.30
18 - 24"40

S—Red-leaved Japanese Barberry (*Berberis thunbergii atropurpurea*) identical to Japanese type, but with red leaves all summer and fall.

18 - 24"	\$.65
----------------	--------

S—Truehedge Columnberry, Plant Patent #110 (*Berberis thunbergii erecta*) a new form of Barberry making a narrow, upright, compact growth.

18 - 24"	each \$.45
	per 5 1.65
	per 25 net 7.00

T—European White Birch (*Betula pendula*) beautiful white bark, compact, rather slow growth.

4 - 5' B & B	\$ 1.75
5 - 6' B & B	3.00
6 - 8' B & B	5.00

T—Cutleaf Birch (*Betula pendula gracilis*) graceful drooping branches and white bark.

4 - 5' B & B	\$ 3.25
5 - 6' B & B	5.00
6 - 8' B & B	7.50

S—Dubonnet Butterflybush (*Buddleia davidi dubonnet*) reddish flowers.

S—Eleanor Butterflybush (*Buddleia davidi eleanor*) blue flowers, dwarf growth.

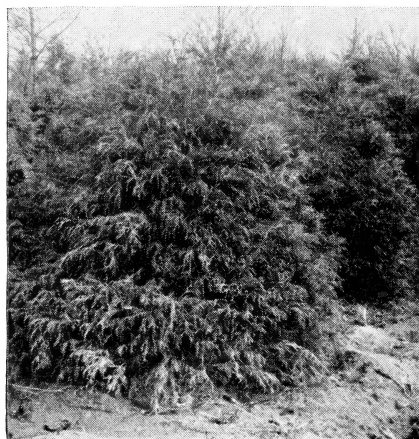

S—Ille de France Butterflybush (*Buddleia davidi Ille de France*) purple flowers.

S—Orchid Beauty Butterflybush (*Buddleia davidi Orchid Beauty*) orchid pink flowers.

All Butterflybush varieties
No. 1 plants.....each \$.85

BL—Common Box (*Buxus sempervirens*) a strain of Box native to this section seldom killing back in winter.

12 - 15"	\$ 1.50
15 - 18"	1.85

THREAD FALSECYPRESS
(*CHAMAECYPARIS PISIFERA FILIFERA*)
The Thread Falsecypress has a "weeping" effect due to its pendent branches. It is one of the finest of the Falsecypress family and is much used in foundation planting. It succeeds in comparatively shady locations.

BL—Truedwarf Box (*Buxus sempervirens suffruticosa*) very slow in growth and very compact, sometimes called English Box.
12 - 15"

\$ 2.50

S—Purple Beautyberry (*Callicarpa dichotoma*) purple berries in fall.

18 - 24"	\$.75
----------------	--------

BL—Scotch Heather (*Calluna vulgaris*) low, spreading evergreen, rosy-pink flowers.

Clumps	\$ 2.00
--------------	---------

S—Common Sweetshrub (*Calycanthus floridus*) with dark red flowers, waxy leaves.

2 - 3'	\$.85
--------------	--------

S—Siberian Peatree (*Caragana arborescens*) with yellow pea-shaped flowers May.

18 - 24"	\$.65
----------------	--------

T—Umbrella Catalpa (*Catalpa bignonioides nana*) umbrella shaped tree with large leaves.

5 - 6' stem, 1 yr. hd.	\$ 2.75
------------------------	---------

T—Eastern Redbud (*Cercis canadensis*) with rosy-pink flowers in April before leaves.

3 - 4'	\$ 2.50
--------------	---------

Notice: Our nursery is open every day in year, except Saturdays and Sundays in July and August. Appointments may be made at any time.

Due to uncertain business conditions, we sell for cash only. Deliveries will be fewer. Whenever possible customers should come after their stock.

S—Common Floweringquince (*Chaenomeles lagenaria*) a thorny shrub with brilliant scarlet flowers, followed by quince-shaped fruit.

18 - 24"	\$.75
2 - 3'	1.00

E—Hinoki Falsecypress (*Chamaecyparis obtusa*) a broadly pyramidal tree, with dark green, frond-like foliage, resistant to shade.

5 - 6'	\$ 5.00
6 - 7'	6.00
7 - 8'	7.50

E—Golden Hinoki Falsecypress (*Chamaecyparis obtusa aurea*) similar to Hinoki Cypress with yellow foliage.

12 - 15"	\$ 2.00
15 - 18"	2.50

E—Sawara Falsecypress (*Chamaecyparis pisifera*) a broad, loosely growing, pyramidal tree.

6 - 7'	\$ 5.00
7 - 8'	6.50
8 - 9'	8.00
9 - 10'	10.00

GOLDEN PLUME FALSECYPRESS
(*CHAMAECYPARIS PISIFERA PLUMOSA AUREA*)

Golden Plume Falsecypress has golden yellow foliage in early spring. It should be planted where it has light on all sides as sunlight produces the attractive color. Plume Falsecypress is a type with green foliage.

E—Golden Sawara Falsecypress (*Chamaecyparis pisifera aurea*) similar to Sawara Falsecypress with golden foliage. Prices same also.

E—Thread Falsecypress (*Chamaecyparis pisifera filifera*) with long, thread-like drooping branches, withstands some shade.

3½ - 4'	\$ 5.00
4 - 4½'	6.00
4½ - 5'	7.50
5 - 6' Heavy	10.00
6 - 7' Heavy	12.50

E—Yellowthread Falsecypress (*Chamaecyparis pisifera filifera aurea*) similar to above with golden foliage.

12 - 15"	\$ 2.50
----------------	---------

E—Plume Falsecypress (*Chamaecyparis pisifera plumosa*) with plume-like dense green foliage.

2 - 3'	\$ 2.50
3 - 4'	3.00
5 - 6'	5.00
6 - 7'	6.50
7 - 8'	8.00
8 - 9'	10.00

E—Goldplume Falsecypress (*Chamaecyparis pisifera plumosa aurea*) similar to above with golden foliage. Prices same also.

E—Moss Falsecypress (*Chamaecyparis pisifera squarrosa*) a broad pyramid with soft silver-blue foliage and dense growth.

2 - 3'	\$ 2.00
3 - 4'	2.50

E—White-cedar Falsecypress (*Chamaecyparis thyoides*) a pyramidal tree resembling Arborvitae, particularly adapted to wet locations.

2 - 3'	\$ 2.50
3 - 4'	3.00

V—Jackman Clematis (*Clematis jackmani*) with large, velvety-purple flowers.

2 yr. plants in pots \$ 1.00

V—Sweetautumn Clematis (*Clematis paniculata*) with mass of fragrant, small white flowers in September.

2 yr. plants in pots \$.75

E = Evergreen R = Rose
BL = Broadleaved Evergreen S = Shrub

T = Tree V = Vine H = Hedgeplant

T—Flowering Dogwood (*Cornus florida*) one of best spring flowering small trees, large white flowers before the leaves appear.

3 - 4'	\$ 2.50
4 - 5'	3.00
5 - 6'	4.00
8 - 10'	20.00

T—Redflowering Dogwood (*Cornus Florida rubra*) similar to above with red flowers.

3 - 4'	\$ 5.00
4 - 5'	6.50

T—Corneliancherry Dogwood (*Cornus mas*) with yellow flowers in April and scarlet fruits in fall.

4 - 5'	\$ 2.50
5 - 6'	3.00

S—Grey Dogwood (*Cornus racemosa*) white flowers in spring, white fruits and red stems in fall.

3 - 4'	\$.60
4 - 5'	.75

S—American Smoketree (*Cotinus americanus*) with fine lacy flower spikes resembling smoke.

2 - 3'	\$ 2.00
--------	---------

S—Pekin Cotoneaster (*Cotoneaster acutifolia*) with reddish flowers, black fruits and waxy green leaves.

18 - 24"	\$.75
----------	--------

S—Spreading Cotoneaster (*Cotoneaster divaricata*) spreading bush with reddish flowers and fruits.

18 - 24"	\$ 1.50
----------	---------

BL—Rock Cotoneaster (*Cotoneaster horizontalis*) a semi-evergreen, spreading plant, with small box-like leaves and red berries.

15 - 18"	\$ 3.00
1½ - 2'	3.50

T—Pauls Scarlet Hawthorn (*Crataegus oxyantha pauli*) a thorny tree with double, scarlet flowers.

3 - 4'	\$ 2.50
4 - 5'	3.00

BL—Rose Daphne (*Daphne cneorum*) a low spreading evergreen with fragrant pink flowers in early spring.

18 - 24"	\$ 2.50
2 - 2½'	3.25

Once transplanted evergreens, 2-4 yrs. old.

S—Slender Deutzia (*Deutzia gracilis*) a dwarf shrub, profuse bloomer, white flowers in May.

12 - 15"	\$.75
----------	--------

S—Lemoine Deutzia (*Deutzia lemoinei*) a medium shrub, white flowers in May.

15 - 18"	\$.75
----------	--------

S—Roseanicle Deutzia (*Deutzia rosea*) a medium shrub, pink flowers in May.

12 - 15"	\$.75
----------	--------

S—Pride of Rochester Deutzia (*Deutzia scabra*) a large shrub, double white flowers.

3 - 4'	\$.75
--------	--------

T—Russian-olive (*Elaeagnus angustifolia*) a small tree with gray-green leaves, silvery underneath.

5 - 6'	\$ 2.00
6 - 7'	2.50

S—Winged Euonymus (*Euonymus alatus*) with winged branches, crimson leaves and red berries in fall.

2 - 3'	\$ 1.00
3 - 4'	1.50

S—Dwarf Winged Euonymus (*Euonymus alatus compactus*) with very compact growth.

18 - 24"	\$ 1.50
----------	---------

S—European Euonymus (*Euonymus europaeus*) larger shrub with more fruits than above varieties.

3 - 4'	\$ 1.00
4 - 5'	1.25

Notice: Our nursery is open every day in year, except Saturdays and Sundays in July and August. Appointments may be made at any time.

Due to uncertain business conditions, we sell for **cash only**. Deliveries will be fewer. Whenever possible customers should come after their stock.

BLV—Purpleleaf Wintercreeper *Euonymus* (*Euonymus fortunei coloratus*) with leaves purple-red in winter.

18 - 24" \$ 1.00
2 - 3' 1.50

BLV—Common Wintercreeper *Euonymus* (*Euonymus fortunei radicans*) evergreen climbing vine, clings without support.

18 - 24" \$ 1.25
2 - 3' 1.75

BLV—Bigleaf Wintercreeper *Euonymus* (*Euonymus fortunei vegetus*) same as above with larger leaves and scarlet fruits.

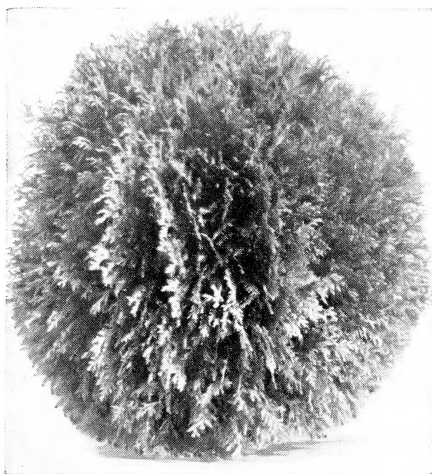

18 - 24" \$ 1.50
2 - 3' 2.25

S—Yeddo *Euonymus* (*Euonymus yedoensis*) large shrub with masses of pink and orange berries.

3 - 4' \$ 1.50

S—Showy Border Forsythia (*Forsythia intermedia spectabilis*) the best bloomer in the Forsythia family.

2 - 3' \$.60
3 - 4'75
4 - 5' 1.00

WOODWARDS EASTERN ARBORVITAE
(*THUYA OCCIDENTALIS WOODWARDI*)

The Woodward's Arborvitae is the finest globe form. It finds much favor as a dwarf tree planted in front of taller varieties of evergreens and also makes a splendid hedge evergreen where a low growing hedge is desired. It must have sun and plenty of moisture.

(See page 15 for prices)

E = Evergreen R = Rose
BL = Broadleaved Evergreen S = Shrub

T—Ginkgo (*Ginkgo biloba*) a hardy Asiatic variety with leathery fan-shaped leaves, resistant to insects and diseases.

5 - 6' \$ 4.00

T—Kentucky Coffeetree (*Gymnocladus dioica*) a large tree with compound leaves and greenish-white flowers.

5 - 6' \$ 3.00

S—Arden Shrubalthea (*Hibiscus syriacus ardens*) flowers double purple.

S—Boule de Feu Shrubalthea (*Hibiscus syriacus boule de feu*) flowers double red.

S—Jeanne D'Arc Shrubalthea (*Hibiscus syriacus jeanne de arc*) flowers double white.

S—Lady Stanley Shrubalthea (*Hibiscus syriacus lady stanley*) flowers double rose.

S—Single Red Shrubalthea (*Hibiscus syriacus rubris*) a single type with red flowers.

2 - 3' size only.

Prices on all varieties:

2 - 3' \$.75
3 - 4' 1.00

S—Snowhill Hydrangea (*Hydrangea arborescens grandiflora*) a compact shrub with large "snow-ball shaped" white flowers.

18 - 24" \$.75

S—Nikko Blue Bigleaf Hydrangea (*Hydrangea macrophylla nikko blue*) An Asiatic specie with deep blue flowers.

8" pots \$ 1.25

S—Peegee Hydrangea (*Hydrangea paniculata grandiflora*) flowers turning from white to pink in fall.

2 - 3' \$ 1.00

T—Tree Peegee Hydrangea (*Hydrangea paniculata grandiflora*) a tree form of Peegee Hydrangea with some characteristic flower bloom.

3 - 4' \$ 3.00

S—Golden St. Johnswort (*Hypericum frondosum*) low shrub with golden-yellow flowers.

18 - 24" \$.75

BL—Convex-leaf Japanese Holly (*Ilex crenata convexa*) a slow-growing, hardy type of Japanese Holly.

6 - 8" \$ 1.50

T = Tree H = Hedgeplant
V = Vine

BL—American Holly (*Ilex opaca*) the scarlet-berried plant used for Christmas decorations, to assure berries must have male and female plant.

10 - 12" female \$ 3.00
10 - 12" male 2.50

S—Common Winterberry (*Ilex verticillata*) a deciduous holly with bright scarlet berries.

15 - 18" \$.75

E—Pyramidal Chinese Juniper (*Juniperus chinensis*) very hardy type with several forms of foliage. One of the best for this section.

1½ - 2' \$ 2.00
2 - 3' 3.00
5 - 6' 8.00
6 - 7' 12.50
7 - 8' 15.00
8 - 9' 17.50

E—Blue Columnar Chinese Juniper (*Juniperus chinensis columnaris*) taller, narrower than above type.

12 - 15' \$30.00
15 - 18' 40.00

E—Green Columnar Chinese Juniper (*Juniperus chinensis columnaris viridis*) same as above with green foliage. Prices same.

E—Japanese juniper (*Juniperus chinensis japonica*) a low spreading variety with blue-green foliage, slow growth.

2 - 2½' \$ 5.00
2½ - 3' 6.50

E—Pfitzer Juniper (*Juniperus chinensis pfitzeriana*) a broad, bushy type, extremely hardy and adaptable.

15 - 18" \$ 3.00
1½ - 2' 3.50
2 - 2½' 5.00
5 x 5' spread 12.50
6 x 6' spread 15.00

E—Golden Pfitzer Juniper (*Juniperus chinensis pfitzeriana aurea*) a golden type of above, new.

2 - 3' \$ 5.00
3 - 3½' 8.00

E—Sargents Chinese Juniper (*Juniperus chinensis sargentii*) a hardy, creeping type, one of the best, blue or green foliage.

2 - 2½' \$ 6.00
2½ - 3' 7.50

PYRAMIDAL CHINESE JUNIPER
(*JUNIPERUS CHINENSIS*)

This variety is unusually hardy. The stick in the picture is 6' in height.

E—Grays Common Juniper, Plant Patent #54 (*Juniperus communis grayi*) new, blue-green foliage.

7 - 8' \$10.00
8 - 9' 12.50

E—Irish Juniper (*Juniperus communis hibernica*) a very narrow, columnar type, with gray-green foliage.

1½ - 2' \$ 1.50
2 - 3' 2.00
3 - 4' 2.50
7 - 8' 5.00
8 - 9' 6.50

E—Sweedish Juniper (*Juniperus communis suecica*) similar to Irish Juniper, with lighter green foliage and broader base.

2 - 3' \$ 3.00
3 - 4' 4.00
4 - 5' 5.00
